

# Basketball Teams From Central and Technical May Enter School League

## CENTRAL AND TECH MAY MAKE BID FOR BERTHS IN LEAGUE

Interscholastic Basketball Circuit Gets Under Way in Meeting Tonight.

TITLE GAME ON TOMORROW

Western Meets Manual Trainers on Georgetown Field in Fifth Battle of Series.

By BRYAN MORSE.  
Central and Technical High Schools may make a bid for entrance in the Interscholastic Basketball League which starts its session tonight at the residence of Dr. William B. Hudson, president of the circuit. Last year Tech put out a team which was not recognized by the general organization which controls all activities at Tech.

This year Leroy Birch, faculty adviser at Tech, has come out strongly for the sport. There are many good players at Tech and the faculty adviser has been working in their interests for some time. Since Central decided to put a team on the floor Epiphany Church gym has been finding Central players flocking to Coach Mark De Grange with the result that prospects for a fast five are exceedingly bright.

Both schools may decide to make an effort to gain entrance in the interscholastic basketball league, in which event the number of teams may be increased to seven. Business, Western, Manual, and Tech are now members of the league. Officers will be elected at tonight's meeting. School and team representatives are to be on hand for a good start in the winter sport.

The plan for lengthening the schedule will probably come up for consideration. The only handicap to this idea is that there is a lack of gyms all over the city. Western will be over in Georgetown this year following the entrance into the rebuilt school, and gym facilities are not as good as they were last winter, when a championship team was developed in the spacious National Guard armory gym.

Eastern is still handicapped by a tiny drill hall, where the games are played, and this suffices for other uses besides playing basketball. Central is without a floor at the school, and Tech has no place to play. The gyms at Army and Navy Preps are nothing like the city, and it is this handicap that is hurting the development of the game here.

Tomorrow Western and Tech face on Georgetown field in the fifth game of the high school series. Tech appeared in its initial contest against Business and emerged with a victory. Western showed considerably more power than Eastern in its first battle but is at present crippled so that it is not expected to show its full strength against Tech.

On the other hand Tech's players who were out of action with injuries have fully recovered. Ochsenschlaeger showed Saturday that he is in prime form, for he galloped through and around the A. N. Preps for three touchdowns.

On Friday Business and Eastern will play and the Stenographers are looking for easy picking. Bill Culligan, captain of the Business team, is flourishing on another meeting with Tech. The Business captain can see where Tech will trim Central, Western and Eastern and does it out that these teams will also fall victim to Business so that the eleven can eventually meet in a benefit game the same as Central and Tech did in 1910.

On Saturday the Gilman Country School eleven will journey here from Baltimore to meet the St. Albans eleven. Last Friday Gilman won the prep school title of Baltimore from the Friends School team.

Central is improving her time with track athletes. Coach Bill Foley having a number of youngsters in low all this fall. Central came back nobly last spring, handily winning the annual meeting, which by the way is set for May 28 this season. A week before this the annual time meet has been scheduled at Fort Deposit, Md.

Tech, it is understood, has gotten back Young, who was out until the advisory period was up. He played Saturday against the Army and Navy Preps and fitted into the line in good shape.

Coach Earl B. Fuller, at the Y. M. C. A., has a number of high school lads in low playing basketball. Kelley, of Business, and Lewis, of the same school, may be found in the "V" lineup this winter.

## Army's Defeat Salves Feelings of the Navy

Middies Believe Themselves Just About as Powerful as Charlie Daly's Eleven—Martin Continues to Shine as Best Man on Annapolis Team.

ANNAPOLIS, Nov. 1.—The sting of defeat administered by the North Carolina Aggies to the midshipmen Saturday is somewhat relieved by the fact that at the same time the Army team was getting a very similar injection from Villanova, an eleven not supposed to be a dangerous opponent of the soldiers. While service people would like to feel that their teams were playing up to the standard of the best aggregations in the country, it is still something to look forward to a game between eleven of about equal merit, and everything points to this condition when sailor and soldier clash on the New York Polo Grounds at the end of this month.

### ARMY STARS WORK FOR NAVY CONTEST

WEST POINT, N. Y., Nov. 1.—Beginning today, the Army will start active preparations for the Navy game. All military drills came to an end last week, and from now on the men will be pointed toward the battle in New York on November 27 with the Middies.

The coaches will give some special attention this week to the plans for the Notre Dame contest, which comes next on the Army's schedule. General disappointment is expressed at the failure of the team to win from Villanova on Saturday.

The wide open plays used by the visitors, together with an abundance of well designed forward passes, spelled defeat for the Cadets. This style of game has caused trouble for the Army all season, and much of the work planned for this week will be with the idea of framing a suitable defense for such an attack.

Navy is known to possess a repertoire of overhead plays and crisp crosses, and some concern is being felt as to the Army's ability to meet them.

### Brooklanders Will Play Lehigh in Two Games

Catholic University's basketball team will play Lehigh twice this season. The Pennsylvanians will make their only appearance in the Capital when they tackle C. U. on January 29. The Brooklanders will go to South Bethlehem on February 16.

### Aztecs Winners.

Aztecs won their second game of the season yesterday when the Southwest Stars were disposed of by 14 to 6. Fisher and Risten gave some good examples of broken field running. McConnell and Banet also starred.

## CORNELL LOOKS FOR CONTEST SATURDAY

Al Sharpe, Winning Coach of Ithacans, Thinks Michigan Has One Good Punch.

ITHACA, N. Y., Nov. 1.—What Dr. Sharpe, Cornell's head football coach, saw of Michigan's play seems to have convinced him that the Wolverines have one good punch to deliver this season and that Cornell may feel it. At all events the word has gone out that the team must expect a hot battle and nothing will be left undone to put the Cornell team in tip-top condition for the game.

Although several varsity men were taken out of the line-up Saturday it was learned today that none of them had suffered serious injuries. The man who got the worst jolt was Eckley, but he remained quiet today and the coaches are confident that he will be in shape by the middle of the week.

### Empire Team Stopped By Highland Eleven

In a hard fought but cleanly contested game played on the Anacostia gridiron yesterday, the Highland Athletic Club defeated the Empire Athletic Club 12 to 0.

Both touchdowns were scored in the early part of the opening quarter, and were made by Hogan and Taylor on the receiving end of forward passes. Empire gained more ground by rushing than did its opponent, the losing backfield several times carrying the ball almost from one goal line to the other, but losing the oval by fumbling at critical moments.

## Oregon Victory Shows Northwest Has Class

Coast Lads Travel 2,500 Miles and Then Overturn One of Middle West's Leading Teams—Washington State Holds Leadership of Section.

When the Oregon Aggies chawed up the Michigan farmer boys Saturday in a manner that hasn't been approached by any of the big schools of the country for several years, they drew attention to a part of the country which underservedly has escaped the eyes of the general football public.

The victory of the Oregon boys, all the more noteworthy because it was accomplished after they had undergone a severe physical strain in riding 2,500 miles, gave Middle Western football the same jolt as the so-called football Yale must have felt in recent years when its members were succumbing to schools which a few years ago scarcely gave interesting practice games.

But while the general public may never have known even that they kicked a ball around west of the Rockies, or that there was such a town as Corvallis, Ore., those who have followed the sport closely have been aware that some high-class football has been played in that region.

On the Coast, Stanford and California have stuck to Rugby until this year, but the Oregon and Washington universities, the two Aggie schools of the same States, and Whitman College and the University of Idaho, have formed a conference men from whose teams have found no difficulty in starring in the East.

Dolan and Philbrook, of the Notre Dame teams of a few years ago; DeWitt, of Princeton, and Mattson, of Pennsylvania, are just a few of the men who played in the Pacific Coast a year or so, and then made Eastern teams. Blantz, now Yost's best end, tried for three years in vain to make the University of Washington's team, but when he went East he took his job as a regular on Yost's eleven as soon as he was eligible.

As a matter of fact, Oregon Aggies are not the big team in the Pacific Northwest. For seven years out there the University of Washington has won successive championships, under the tutelage of Gilman Doble, a douc Scotsman, a man who has never lost a football game in his eleven years of coaching, and who never has expected to win one.

Doble played quarterback and end for Doc Williams at Minnesota in the old rip-up-and-back days. Then he was assistant coach there, then of a high school in Minneapolis, then in North Dakota, and then at the University of Washington. Altogether, he has won 100 games and lost 100 points.

Yet he never has suffered one defeat, and has been tied but twice. One of his biggest and most famous victories was a 7-0-0 rout which he inflicted on the Oregon Aggies three seasons ago—the first year their mentor, Doc Stewart, came to the Northwest expecting east-licking.

Before each game Doble gives out statements to the press, and he underestimates the alumni and the faculty, assisting them each and severally that his team will be either beaten, slaughtered or annihilated the next day.

The team he makes his gloomiest prophecy ten times emphatic. It's part of his philosophy that every team should go to bed with a clean conscience.

on the field expecting to get the everlasting daylight whipped out of it. He do.

And his best and closest friends say that Doble actually gets to believe what he says.

To add to his somberness, the coach wears invariably a dark suit, a black tie, a long black overcoat, and a soft black hat. If he had a villain's mustache, he might look some like Simon Legree except that Simon usually is made fat and sinister, while Doble is 6 feet 5 inches tall, and not more than 6 inches thick. But he's got a pair of black eyes as fearful as any stage manager could wish.

Year after year, Washington grads and undergrads confident in Doble have tried to match one of their championship teams with some good Eastern school, but without avail. "Get a reputation," they were told, and as no one would give them a chance, that was something of a task.

Now that the Aggies have broken into the Middle West, possibly Washington can get East. And whether they win or lose, it's a safe bet if they can stage a contest as to which coach can give out the most forlorn and hopeless statement, Doble'll win before any fair jury.
